FOR SCHWARTZ FROM MACE

For use meeting Monday following from Flinn report Eaton — Corsier conversation San Juan at which Flinn not present. While Eaton unavailable for absolute confirmation Flinn certain this accurate as received by him from Eaton.

QUOTE. Corsier indicated Eaton that Soviet Union had approached Committee to serve as inspection authority in Cuba several days before first press announcement contained New York Times November 2. After very careful consideration in view uniqueness of role suggested it was determined that Committee would agree if accepted by both sides, subject to following conditions: A. That in making inspections the Committee would be accompanied by a representative from both sides in order to avoid any later charges of favoritism. B. That in addition to inspections the Committee would be allowed to perform its usual
